ECOTOXIC

KEEP OUT OF REACH OF CHILDREN

CapriTM
FUNGICIDE

A SEED TREATMENT for the control of loose and stinking smut (bunt) of WHEAT and loose and covered smut of BARLEY and OATS.

Active Ingredient:

25 g/litre tebuconazole in the form of a suspension concentrate.

SHAKE WELL BEFORE USE

9 421004 533683

5 Litres

PLEASE READ THE LABEL COMPLETELY BEFORE USE

HAZARD CLASSIFICATIONS: 6.9B, 9.1C

WARNING: HARMFUL, ECOTOXIC

May cause organ damage from repeated ingestion at high doses. Harmful to aquatic organisms.

PRECAUTIONS

STORAGE: Keep out of reach of children. Store in the original, tightly closed container, in a secure place. Storage of certain quantities of this product trigger specific storage requirements (Refer to Safety Note). When stored appropriately this product should show no significant degradation for two years from the date of manufacture. Contact your supplier for further information about the use of product that is older than this.

PERSONAL PROTECTION: Avoid contact with eyes and skin. Avoid inhalation of mist during seed coating, or dust from treated seed. When mixing or applying, wear overalls, boots, gloves, and eye protection. Wear a respirator (organic vapour and particulate matter) if dust or mist could be inhaled. Wear gloves when handling treated seed. Clean protective clothing daily after work. Do not eat, drink or smoke while using. Remove protective clothing and wash hands and face thoroughly before meals and after work.

USE: Apply with well maintained and calibrated equipment. Treated seed must not be used for human or animal consumption. See further precautions regarding marking and labelling of treated seed below.

DISPOSAL: Dispose of this product only by using in accordance with this label, or at a suitable landfill. Triple rinse container and use rinsate in the seed coating mix. Dispose of container to a suitable landfill or agricultural recycling scheme. Do not burn. Do not use container for any other purpose.

ENVIRONMENTAL: Use this product carefully. Do not contaminate aquatic environments with product or empty container. Toxic to birds – Do not leave treated seed exposed in areas accessible to birds.

First Aid

If swallowed do not induce vomiting. If splashed in eyes, wash out immediately with running water for several minutes. If skin or hair contact occurs, remove contaminated clothing and wash with soap and running water. If inhaled, immediately move to fresh air and rest. Maintain half upright position if breathing is difficult. Call the National Poisons Centre **0800 POISON (0800 764 766)** (24 hrs) or a doctor immediately for advice.

Emergency Response

In a transport emergency call **111, Police or Fire Brigade**. For specialist advice in an emergency only, call **0800 CHEMCALL (0800 243 6225)** (24 hrs).

Spillage

Exclude non-essential people from the area. Wear protective clothing and prevent material from entering waterways. Absorb spill with inert material such as soil, sand, etc, and place in a waste container. Wash area with water and detergent, and absorb with further inert material. Dispose of safely to a suitable landfill.

Batch No:

Date of manufacture:

CAPRI

Safety Data Sheet

Additional information is provided in the safety data sheet. Freephone **0800 ORIONAS (0800 674 6627)** or visit www.orionagriscience.co.nz.

DIRECTIONS FOR USE

Before use, shake contents thoroughly to ensure a uniform mixture is drawn off. Always use in conjunction with a proprietary seed coat binder.

It is an offence to use this product on animals.

It is an offence for users of this product to cause residues exceeding the relevant MRL in the Food Notice: Maximum Residue Levels for Agricultural Compounds.

Crop	Disease	Rate
Wheat Barley Oats	Loose and Stinking Smut (Bunt) Loose and Covered Smut	1 litre / tonne of seed. Mix with sufficient water (5 – 10 litres) to ensure complete coverage of the seed.

APPLICATION METHODS

Apply through correctly calibrated seed treatment equipment.

MARKING AND LABELLING OF TREATED SEED

Whilst Capri contains a distinctive dye, any subsequent seed treatment(s) must also be dyed to ensure treated seed is easily recognisable. Containers must be labelled as follows:

- **Seed treated with Capri must not be used for human or animal consumption.**
- **It is an offence for users of this product to cause residues exceeding the relevant MRL in the Food Notice: Maximum Residue Levels for Agricultural Compounds.**

These statements must be in bold print on the labels of treated seed containers.

WARRANTY

This formulation is warranted to contain the specified active ingredient within accepted analytical tolerance when packed. The user bears the risk for damage resulting from factors beyond the manufacturer's control. The manufacturer declines all liability for damage resulting from improper storage or use of the product.
