

Silmaxx™

ORGANOSILICONE PENETRANT SURFACTANT

SILMAXX™ helps increase the rate of absorption of glyphosate based products such as Deal 510 glyphosate and brushweed herbicides such as Mustang®, Rival™ Clear, Triumph™ Brushkiller and BrushOff®

HOW IT WORKS – The use of SILMAXX™ reduces surface tension and increases the spread of the spray droplets on the leaf surface. It also enhances penetration of the herbicide into the leaf tissue. This improves the uptake of the herbicide and leads to faster and better results.

STANDARD SURFACTANT

SILMAXX™

ADVANTAGES OF USING SILMAXX™ WITH DEAL 510 GLYPHOSATE

- Improves wetting of target weeds
- Increases leaf surface area covered by spray droplets
- Boosts penetration of the active ingredient
- Increases the uptake of the herbicide
- Reduces rain fastness from 2 hours to 20 minutes
- Faster brownout
- Superior results

™SILMAXX, RIVAL, TRIUMPH are Trade Marks of Orion AgriScience Ltd. ©BRUSH OFF and MUSTANG are Registered Trade Marks of Orion AgriScience Ltd. SILMAXX is an approved pursuant to the HSNO Act 1996, No. HSR002503, see www.epa.govt.nz for approval conditions.

Always refer to the product label before use.

PLEASE READ THE LABEL COMPLETELY BEFORE USE

HAZARD CLASSIFICATIONS: 6.1D, 6.4A, 6.9B, 9.1B

WARNING: TOXIC, ECOTOXIC

May be harmful if swallowed, inhaled or absorbed through the skin. May cause eye irritation. May cause organ damage from ingestion at high doses. Toxic to aquatic organisms.

PRECAUTIONS

STORAGE: Keep out of reach of children. Store in the original container in a secure place. Storage of certain quantities of this product trigger specific storage requirements (Refer to HazNote).

PERSONAL PROTECTION: Avoid contact with eyes and skin. Avoid inhalation of spray mist. When mixing or applying, wear overalls, boots, gloves, and eye protection. Clean protective clothing daily after work. Do not eat, drink or smoke while using. Remove protective clothing and wash hands and face thoroughly before meals and after work.

DISPOSAL: Dispose of this product only by using in accordance with this label. Triple rinse container and add rinsate to the spray tank. Dispose of container to a suitable landfill or agricultural recycling scheme. Do not burn. Do not use container for any other purpose.

ENVIRONMENTAL: Use this product carefully. Do not contaminate aquatic environments with product, spray drift or empty container. Do not allow spray drift outside the target area to occur.

First Aid

If swallowed do not induce vomiting. If splashed in eyes, wash out immediately with running water for several minutes. If skin or hair contact occurs, remove contaminated clothing and wash with soap and running water. If inhaled, immediately move to fresh air and rest. Maintain half upright position if breathing is difficult. Call the National Poisons Centre 0800 POISON (0800 764 766) (24 hrs) or a doctor immediately for advice.

Emergency Response

In a transport emergency call 111, Police or Fire Brigade. For specialist advice in an emergency only, call 0800 CHEMCALL (0800 243 6225) (24 hrs).

Spillage

Exclude non-essential people from the area. Wear protective clothing and prevent material from entering waterways. Absorb spill with inert material such as soil, sand, etc, and place in a waste container. Wash area with water and detergent, and absorb with further inert material. Dispose of safely to a suitable landfill.

Safety Data Sheet

Additional information is provided in the safety data sheet. Freephone 0800 ORIONAS (0800 674 6627) or visit www.orionagriscience.co.nz.

GENERAL INFORMATION

Silmaxx acts by increasing the contact area of the sprayed product and the leaf surface of the plant being sprayed. It will also act as a penetrant enhancing the speed of uptake of herbicide, particularly under adverse weather conditions.

Date of manufacture:

DIRECTIONS FOR USE

Rates of Application

Always refer to the manufacturers' instructions for the products that Silmaxx is to be used with, and use those recommendations in preference if rates differ.

Bracken and Broom

Aerial/Boom:	100mL/100 litres
Handgun:	100mL/100 litres
Knapsack:	10mL/10 litres
Mistblower:	10mL/10 litres

Gorse

Aerial/Boom (Brush Off, Triumph Brushkiller):	2 L/ha in 200 - 400 litre/ha of water
Aerial/Boom (Mustang):	1.6 L/ha in at least 400 litre/ha of water
Handgun:	100mL/100 litres
Knapsack:	10mL/10 litres
Mistblower:	10mL/10 litres

Perennial Ryegrass

Aerial/Boom:	100mL/100 litres
Handgun:	100mL/100 litres

MIXING

Pour the correct quantity of herbicide into the partly filled tank, then add the remaining water with agitation. Add the Silmaxx last when the spray tank is almost full while ensuring there is adequate agitation.

COMPATIBILITY

Compatible with glyphosate, metsulfuron and other brushweed herbicides.

RAINFASTNESS

Rainfast 30 minutes after application.

WARRANTY

This formulation is warranted to contain the specified active ingredient within accepted analytical tolerance when packed. The user bears the risk for damage resulting from factors beyond the manufacturer's control. The manufacturer declines all liability for damage resulting from improper storage or use of the product.

Approved pursuant to the HSNO Act 1996, No. HSR002503
